DEMOLITION & DISMANTLING SERVICES

DEMOLITION AND SAFETY GO HAND IN HAND

- When it comes to demolition services in Sultanate of Oman, care and caution are the buzzwords for our professionals. We pay attention to details and ensuring our project completes in compliance with safety and environmental standards. We make sure that demolition projects go smooth and safe, keeping in mind the safety of everyone, including our men at work.
- Investing in the best demolition equipment is our priority so that we can control every aspect of the demolition process. While making the safety plans, we also plan for the unexpected. We strive to make sure every job has the least amount of environmental impact as possible.
- We focus on reducing the cost of your demolition job and maximizing the metal scrap value for you. Licensed, experienced, and trusted, we stay prepared to dismantle various types of equipment and appliances. It includes large industrial structures, water tanks, railroads, and many more.
- Our scrap metal demolition service also includes wrecked ships. We purchase them along with their spare parts, including winches and ship propellers from ship owners

DEMOLITION AND REINSTATEMENT

- We are efficient in providing scrap metal demolition services to outdated equipment or machinery. At AL SAIF INTERNATIONAL we have access to the cutting edge machinery and tools to dismantle your installation. We remove them from your site carefully and take all the preventive measures.
- You can reach us for scrap metal demolition, dismantling, and destruction services. The next step is to sort and prepare them for the scrapping and recycling process. We do it all. Our team is more than happy to offer metal scrap demolition service that includes removal of installations and reinstatement work.
- We have experience in the removal of installations, existing production lines, and unapproved structures. Our job does not end here, and we go a step further by cleaning up the mess before handing over the site to the owner.

DEMOLITION AND RECYCLING BY AL SAIF INTERNATIONAL

- Demolition is associated with destruction. However, we as leading are specialized in it. Our team goes a step further and recycles the waste extracted from the demolished sites.
- The demolished metal scrap is carefully loaded into our trucks and transported to recycling sites. We are proud of our recycling efforts to keep the environment clean. The main idea is to process the tons of metal scrap and preserve nature.

FULL-SUITE SCRAP METAL SOLUTIONS

- We provide full-suite demolition solutions with an eye on detail and safety. From the removal of steel structures, plants, installations, and production lines to reinstating, we offer all services, so you do not have to go elsewhere.

Established in 2018, AL SAIF INTERNATINAL has grown to become one of the largest scrap metal dealers in Salalah,Sultante of Oman Providing safe, efficient and environmentally sustainable metal recycling, we have a strong reputation for customer satisfaction, honest and accurate remuneration, excellent service, and high quality materials.

SURPLUS AND SECOND-HAND STEEL SALE

- Steel is one of the most important materials for many industries and businesses especially for those involved in building and construction. Our Surplus steel yard is comprehensive and the stock is always changing as we purchase materials from the public and source it from steel suppliers.
- When Normal steel products is too expensive to justify the job, surplus steel products might be the perfect solution. Sometimes it is as structurally strong as Normal steel, with the benefit of saving 25% - 50% or more off the price.
- Surplus steel is essentially new steel with some minor imperfections. These imperfections can be bad paint finish, insufficient galvanising, off standard wall thickness, weld faults or non-standard lengths.

WEIGHBRIDGE SERVICES

- If you are looking to weigh in scrap metal? Whether you are looking to weigh your car in for scrap or simply need a truck weight scale or vehicle weight scale, AL SAIF INTERNATIONAL's single deck weighbridge is your solution here in New industrial area and Raysut Industrial Area ,Salalah, sultanate of Oman.
- Our single deck weighbridge is now available for both the accurate measurement and weighing of your scrap metal or any other goods, and is ideal for when you need your truck, vehicle or scrap metal load accurately weighed and measured.
- Measuring 18-20 metres long and fitted with six weighbridge load cells to provide the most accurate measurement, AL SAIF INTERNATIONAL's weighbridge sets the standard for weighbridge services here in Salalah and Raysut .
- In addition, the weight of your load is displayed upfront on our digital head up display, so you can rest assured that nothing is hidden and you will always receive the correct money for your scrap when you choose AL SAIF INTERNATIONAL's weighbridge service.

SAFETY MEASURES

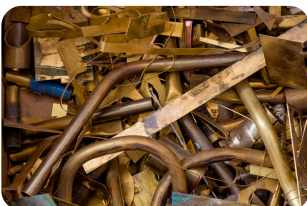

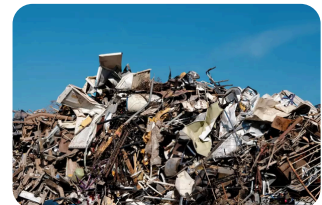

According to the Occupational Safety and Health Administration, injuries related to the scrap metal recycling industry included lead or cadmium poisoning and respiratory issues caused by inhaling toxic agents. These injuries include strains and sprains, heat burns, cuts, punctures, etc.

Our team of professionals take all the necessary precautions and carry all the protective gears while collecting metal waste. Our team is aware of the risks associated with chemicals inside the scrap which makes us reliable for this job.

YOUR ONE-STOP SHOP FOR METAL SCRAP

We are committed to making the environment sustainable and stay dedicated to customer satisfaction. This is one of the reasons that keep us on toes and helps us drive toward our goal of cleaning metal scrap from various sites. We love our job as one of the top metal scrap buying and selling company of Oman and our passion remains unchanged since our inception in 2004.

Our skilled team of metal scrap collectors is our pride. We are happy to deliver our 100% when it comes to scrap metal collection and recycling services paying attention to details, irrespective of the size of the job. We are one-stop shop for all of your needs in the collection of metal waste. Licensed and experienced, we are your go-to metal scrap buying and selling company of Oman that delivers as promised
